Player Performance Pitchers Summary

*** The following evaluations are extracted from a small sample size of only two games.

Group 1: High-Volume / Primary Pitchers

- **Pitcher ID #1**: Logged a heavy workload across **12.0 innings pitched**, throwing 198 pitches while facing 47 total batters. He established the strike zone with a **65.66% strike percentage** and a high **55.32% first-pitch strike rate (F-Strike%)**, allowing him to consistently work ahead and dictate counts. Had a strong **27.66% K%** (13 strikeouts). He was susceptibility to heavy contact inside the strike zone (**96.36% zone contact rate**). Did surrender 8 total hits and **5 of those 8 hits coming with 2 strikes**.

- **Pitcher ID #7**: Pitched effectively around the zone over a **6.0-inning sample (26 BF)**, aggressively attacking hitters with early-count strikes. He generated intermittent whiffs, he ran a high in-zone contact rate across his full arsenal. He allowed 4 total hits. Defensive execution behind him was poor, (**2 errors**). **3 of the 4 hits surrendered were on off-speed pitches**.

- **Pitcher ID #11**: Logged **6.0 efficient innings (26 BF)** with a heavy strike-throwing approach**. Gave up 1 walk against 7 hits (all singles)**. His profile was heavily reliant on pitch management over pure miss ability, utilizing a secondary-heavy mix (**more off-speed than fastball types**) that generated high contact rates both inside and outside the strike zone, effectively letting his defense work behind him.

Group 2: Short-Stint & Relief Profiles (Standout Efficiency)

- **Pitcher ID #6**: Delivered a relief stint, facing **6 batters and recording 6 consecutive outs** with 2 strikeouts. High-spin **knuckle curve**, he leveraged an aggressive first-pitch strike approach to generate continuous chase volume out of the zone. While contact rates were high, he generated empty or weak outs.

- **Pitcher ID #9**: Struck out **3 of the 4 batters he faced**. Aggressive strike-throwing profile, gave up just a single hit on a **Four-Seam Fastball (FF) located down and away** to a right-handed hitter.

- **Pitcher ID #12**: Over 6 batters faced, he had a **70.0% strike-to-ball ratio**. He displayed high raw velocity with an **~10 mph velocity differential** between his fastball and secondary types. Gave up 3 singles.

- **Pitcher ID #15**: Faced 3 batters and executed a **3-out frame with 2 strikeouts**. He registered a **66.67% F-Strike%**, generating whiff on his changeup (CH) before ultimately executing both punchouts using his **Four-Seam Fastball (FF)**.

Group 3: Short-Stint & Relief Profiles (Developmental / Outlier Notes)

- **Pitcher ID #2**: Faced 3 batters with zero walks, staying aggressive in the zone and attacking with **any pitch type on the first pitch**. Batters had high contact both inside and outside the strike zone over this tiny sample.

- **Pitcher ID #3**: Struggled early with count leverage, falling behind frequently and allowing hitters to execute a high good-take rate. However, he battled back effectively from behind to record **3 strikeouts over 5 batters**, leaning heavily on a **cutter/slider mix** that generated whiffs on pitches outside the zone.

- **Pitcher ID #5**: Struggled with deep, high-pitch-count plate appearances, working behind in counts despite pounding the zone. He generated moderate chase and whiff metrics but surrendered a single and a double (**both coming off his sinker**) while also allowing a stolen base.

- **Pitcher ID #8**: 3 batters faced. Appears to deliver from a **extreme sidearm release point**, he initially struggled from behind and walked his first batter before his **sinker to force an inning-ending double play**.

- **Pitcher ID #10**: Faced 6 batters, allowing 2 singles and a walk. Recorded **zero chase events**. His slider showed did produce some whiffs.

- **Pitcher ID #13**: Navigated 3 batters with zero walks or strikeouts, allowing 1 hit. Generated **low contact rates and whiffs** on both his primary and secondary pitch types.

- **Pitcher ID #14**: He surrendered a walk and a **home run**. The homerun came via an **80-mph backup slider hung over the plate**.

- **Pitcher ID #16**: Faced 2 batters, registering 1 strikeout and 1 hit. He generated minimal chase out of the zone, with the lone hit surrendered on a **cutter (FC)**.

- **Pitcher ID #17**: Pitched from behind across 5 batters faced, yielding a walk and a hit with no strikeouts. Did not produce any whiffs, with the lone hit coming on an **elevated Four-Seam Fastball (FF) up-and-in** to a left-handed hitter.

Group 4: Ultra-Small Sample Caveats

- **Pitcher ID #4**: Recorded 3 outs with 1 walk and no strikeouts over 4 batters. generating **no whiffs or chases**.
